EXPERIENCES

2023 - PRESENT

JUNIOR FRONT-END ENGINEEER

Upward Next Inc.

- Collaborated with a Japanese design team to develop custom WordPress themes from Adobe XD, Photoshop, Illustrator, and Figma assets.

- Translated static designs into dynamic, responsive websites using HTML, Pug (Jade), CSS, SCSS, JavaScript, TypeScript, and PHP.

- Ensured pixel-perfect alignment with design specifications, meticulously implementing every detail.

- Conducted code reviews of co-workers' pages to ensure quality and adherence to project standards.

2022 - 2023

WORDPRESS DEVELOPER / FRONT-END DEVELOPER

Brave Egg

- Developed WordPress sites by translating designs from Adobe XD and Photoshop, primarily using page builders like Elementor Pro and Divi theme.

- Hand-coded static webpages using HTML, CSS, Bootstrap, and JavaScript to implement custom designs and functionalities.

2020 - 2021

JUNIOR WEB DESIGNER

Republik Brand Communications, Inc.

- Translated PSD designs into fully functional web pages.

- Developed WordPress sites during a contract role, using the Divi theme builder to create and customize websites according to client requirements.
